Dear Mr. Temple:

Re: Annual Operations and Progress Report, Filtrol Corporation, Emerald Clay Mine

After an on site visit by Rick Smith and Everett Hooper of my staff and review of our files on the Filtrol Corporation, Emerald Clay Mine it has come to my attention that there has not been an Annual Operations and Progress Report (MR-3) filed since 1982. Under 40-8-15 of the Utah Mine Land Reclamation Act all mining operations must file an MR-3 form at the beginning of each calendar year.

Please find enclosed MR-3 forms for the years 1983, 1984, and 1985. These must be completed and returned to the Division no later than February 28, 1986.

If you have any questions please feel free to call.

Sincerely,

L. P. Braxton

Mc Adams contacted LRB 1-8-86

- 1) Temple is no longer there
- 2) Filtrol no longer operates Emerald Clay.
- 3) Mc Adams will write DORM re Filtrol's relationship to Emerald Clay.
